

**Need a New Car?
 Your Credit Union Membership Gives
 You Three Great Ways To Save**

La Terre Federal Credit Union has three ways for our members to save on a new vehicle purchase.

First, General Motors is offering all current and eligible credit union members preferred pricing on most new GM vehicles. This is in addition to the most current incentives and special offers! Depending on the vehicle, you could save hundreds, even thousands, of dollars on your next new Chevrolet, Buick, or GMC vehicle purchase just for being a credit union member.

Visit LoveMyCreditUnion.org to see how much you can save and request your GM Authorization Number.

Second, our members can save big with great low rates when you finance your new vehicle through La Terre Federal Credit Union. Contact us at 985-873-4609 directly to find out more about your vehicle financing options.

Third, you'll also save on fuel costs with GM's high-fuel efficiency vehicles. Start saving today!

GM offers high-fuel efficient products in most high-volume vehicle segments, and more are coming to the market each year. (All fuel economy ratings below are EPA Estimates). The new Chevrolet Cruze Eco, with its 42 mpg EPA highway estimate, offers the best highway fuel economy of any gasoline engine (non-hybrid) car in America. The Chevy Equinox and GMC Terrain crossovers offer space for the family and a 32 mpg highway estimate. Chevrolet Malibu has EPA mileage estimates of 22 mpg city, 33 mpg highway, and can travel nearly 500 highway miles on a tank of fuel. Chevy Silverado and GMC Sierra offer the best highway fuel economy estimates of any V8 pickups (22 mpg), and offer hybrid models for the ultimate in full-size truck fuel efficiency (20 mpg city, 23 mpg highway).
